ShiftBridge

SHIFTBRIDGE

Turn everyday team messages into organized tasks and accountable business actions.

TEAM HJ

Phoo Myat Nay Chi, Soe Min Khant

TRACK 2 · WORKBUDDY / AGENTIC SOLUTIONS

Problem Statement

A message was sent. The work wasn't updated.

Small teams rely on conversations and manual tracking to coordinate daily operations.

01 REPORT

An employee flags the issue in chat.

“The machine is not working”

02 MISSED UPDATE

The Update is missed

“The record does not reflect the message.”

03 REPEAT

Information got overwhelmed

“Employees keep making the mistake”.

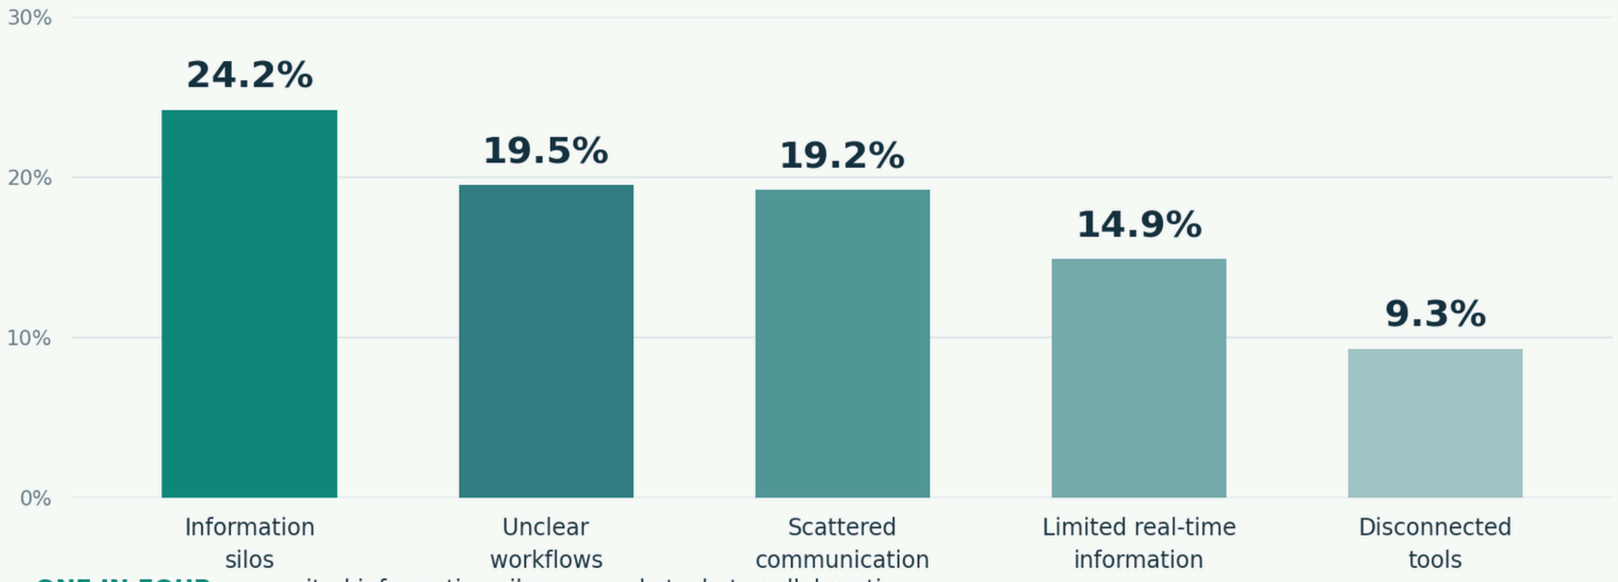

Solution **Turn everyday team messages into organized tasks and accountable business actions.**

According to a 2025 Kintone survey of over 300 Malaysian business and IT professionals :

SHIFTBRIDGE / THE PROBLEM

Why workplace coordination breaks down

Problems identified by Malaysian business and IT professionals

ONE IN FOUR cited information silos as an obstacle to collaboration.

SOURCE Kintone survey at ITEX Malaysia (2025); 300+ business & IT professionals.
Reported in ETHRWorld Southeast Asia, 23 July 2025. Event-based sample; not a nationally representative estimate.

HOW WE USED WORKBUDDY

WorkBuddy helped us turn a real problem into a product.

Our development process

01

DEFINE

Translate the workplace problem into user journeys, task flows and product requirements.

02

BUILD

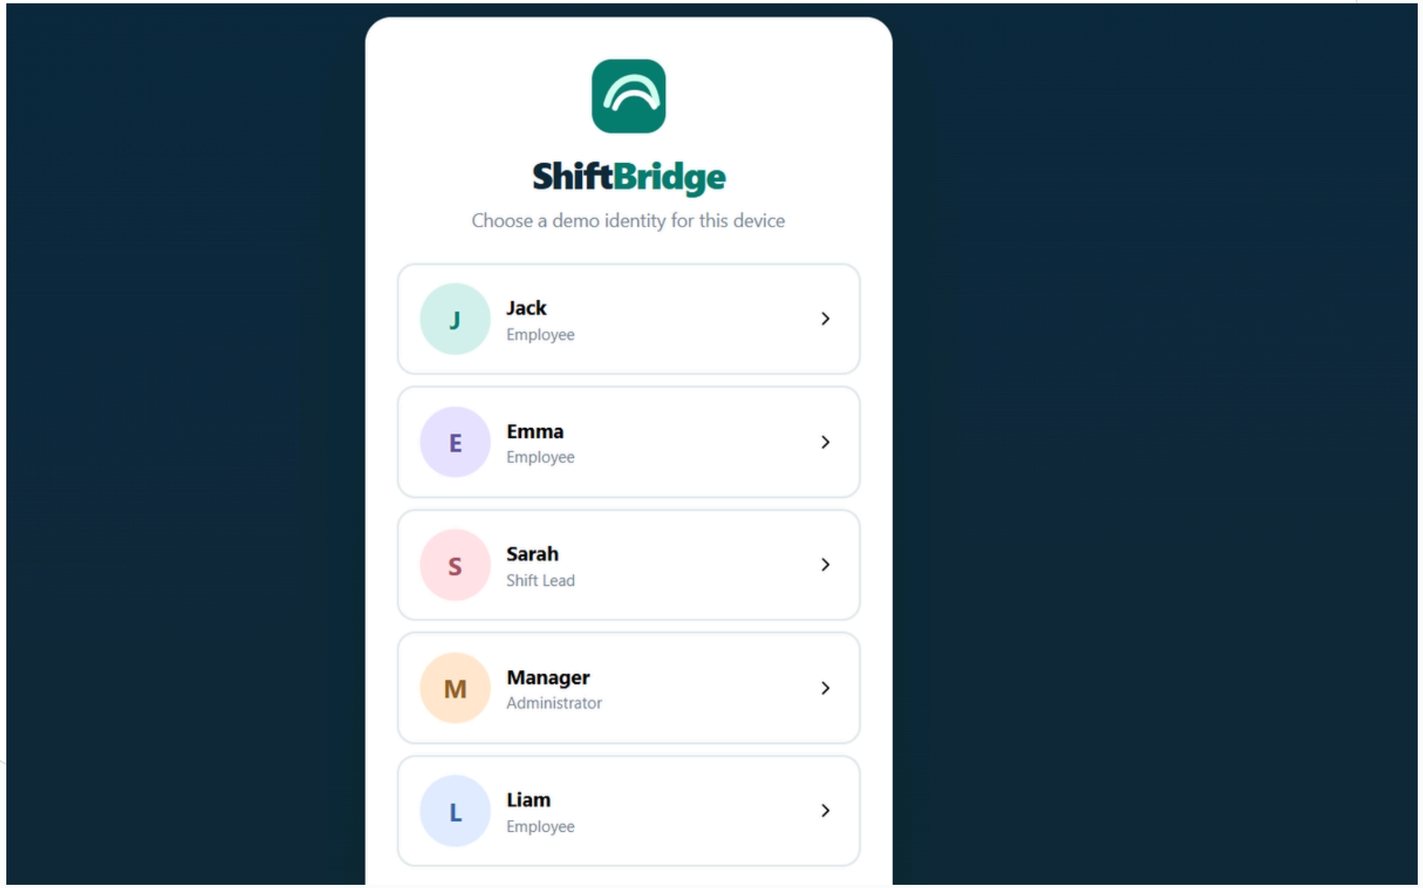

Use WorkBuddy to support interface and application code development and refinement.

03

COMMUNICATE

Prepare presentation materials to explain the prototype and its intended agentic workflow.

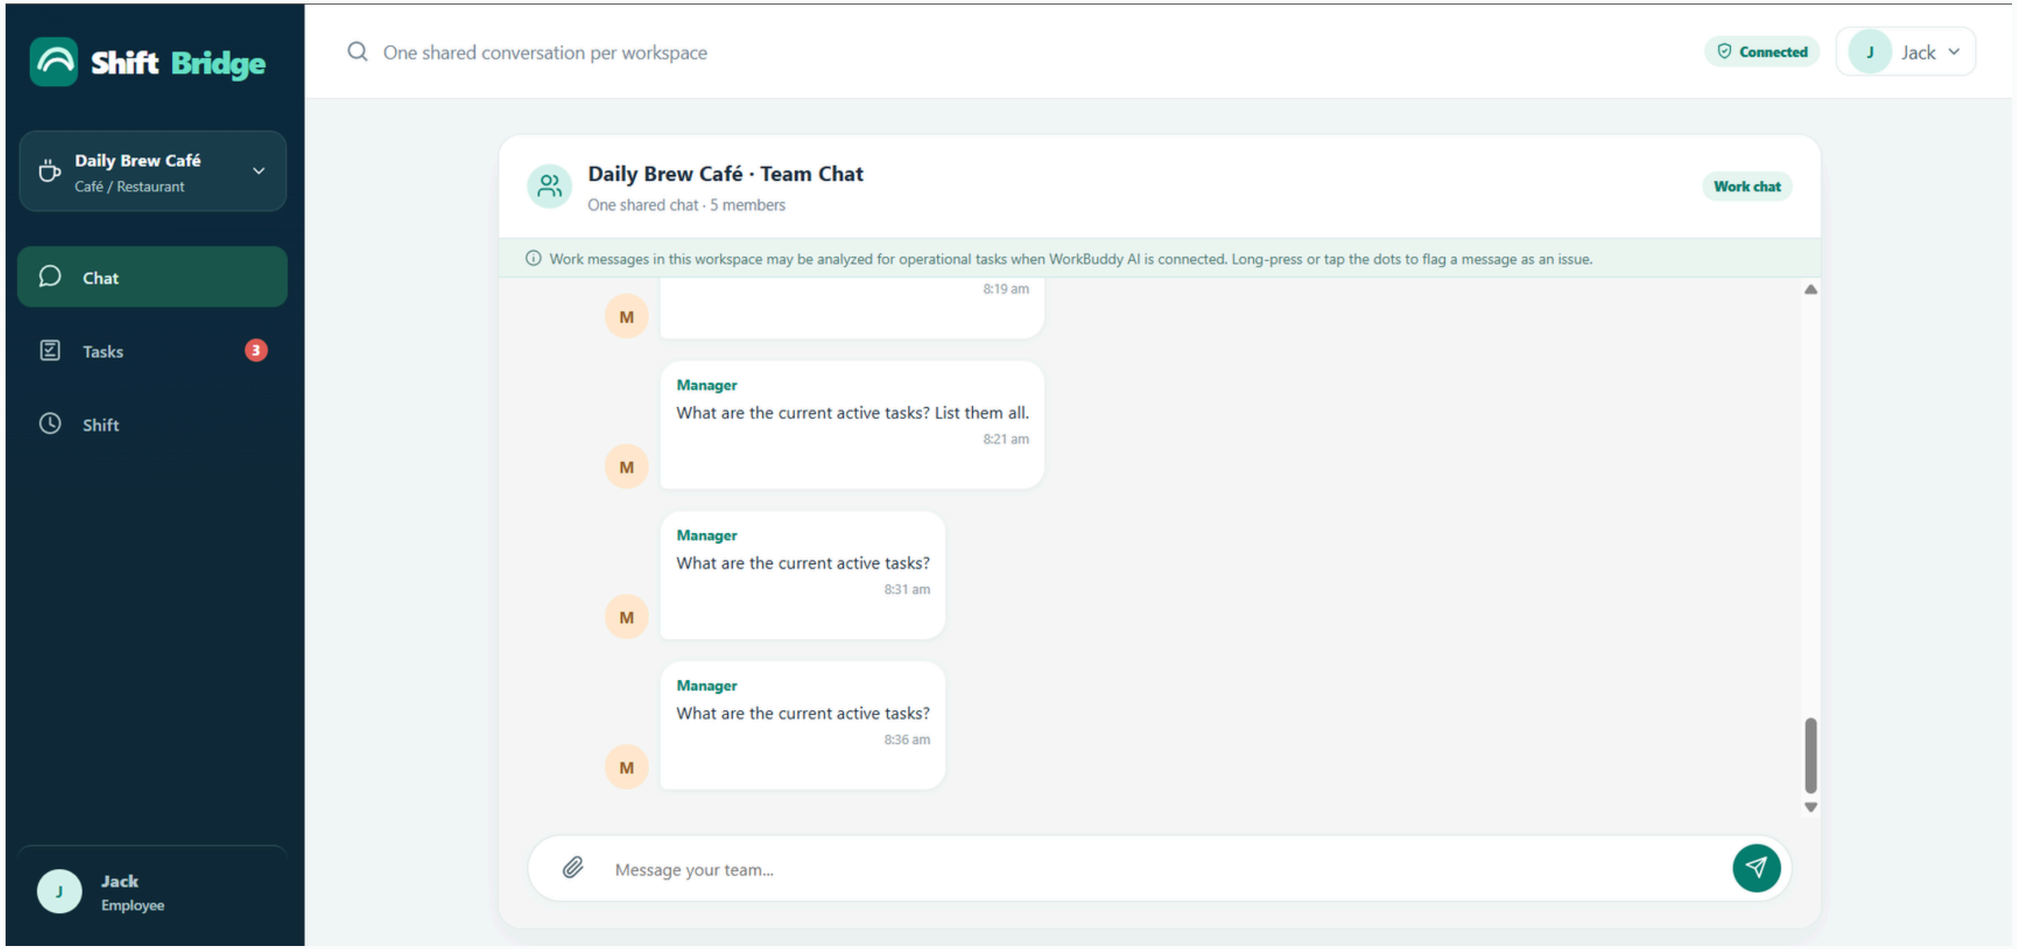

PROOF

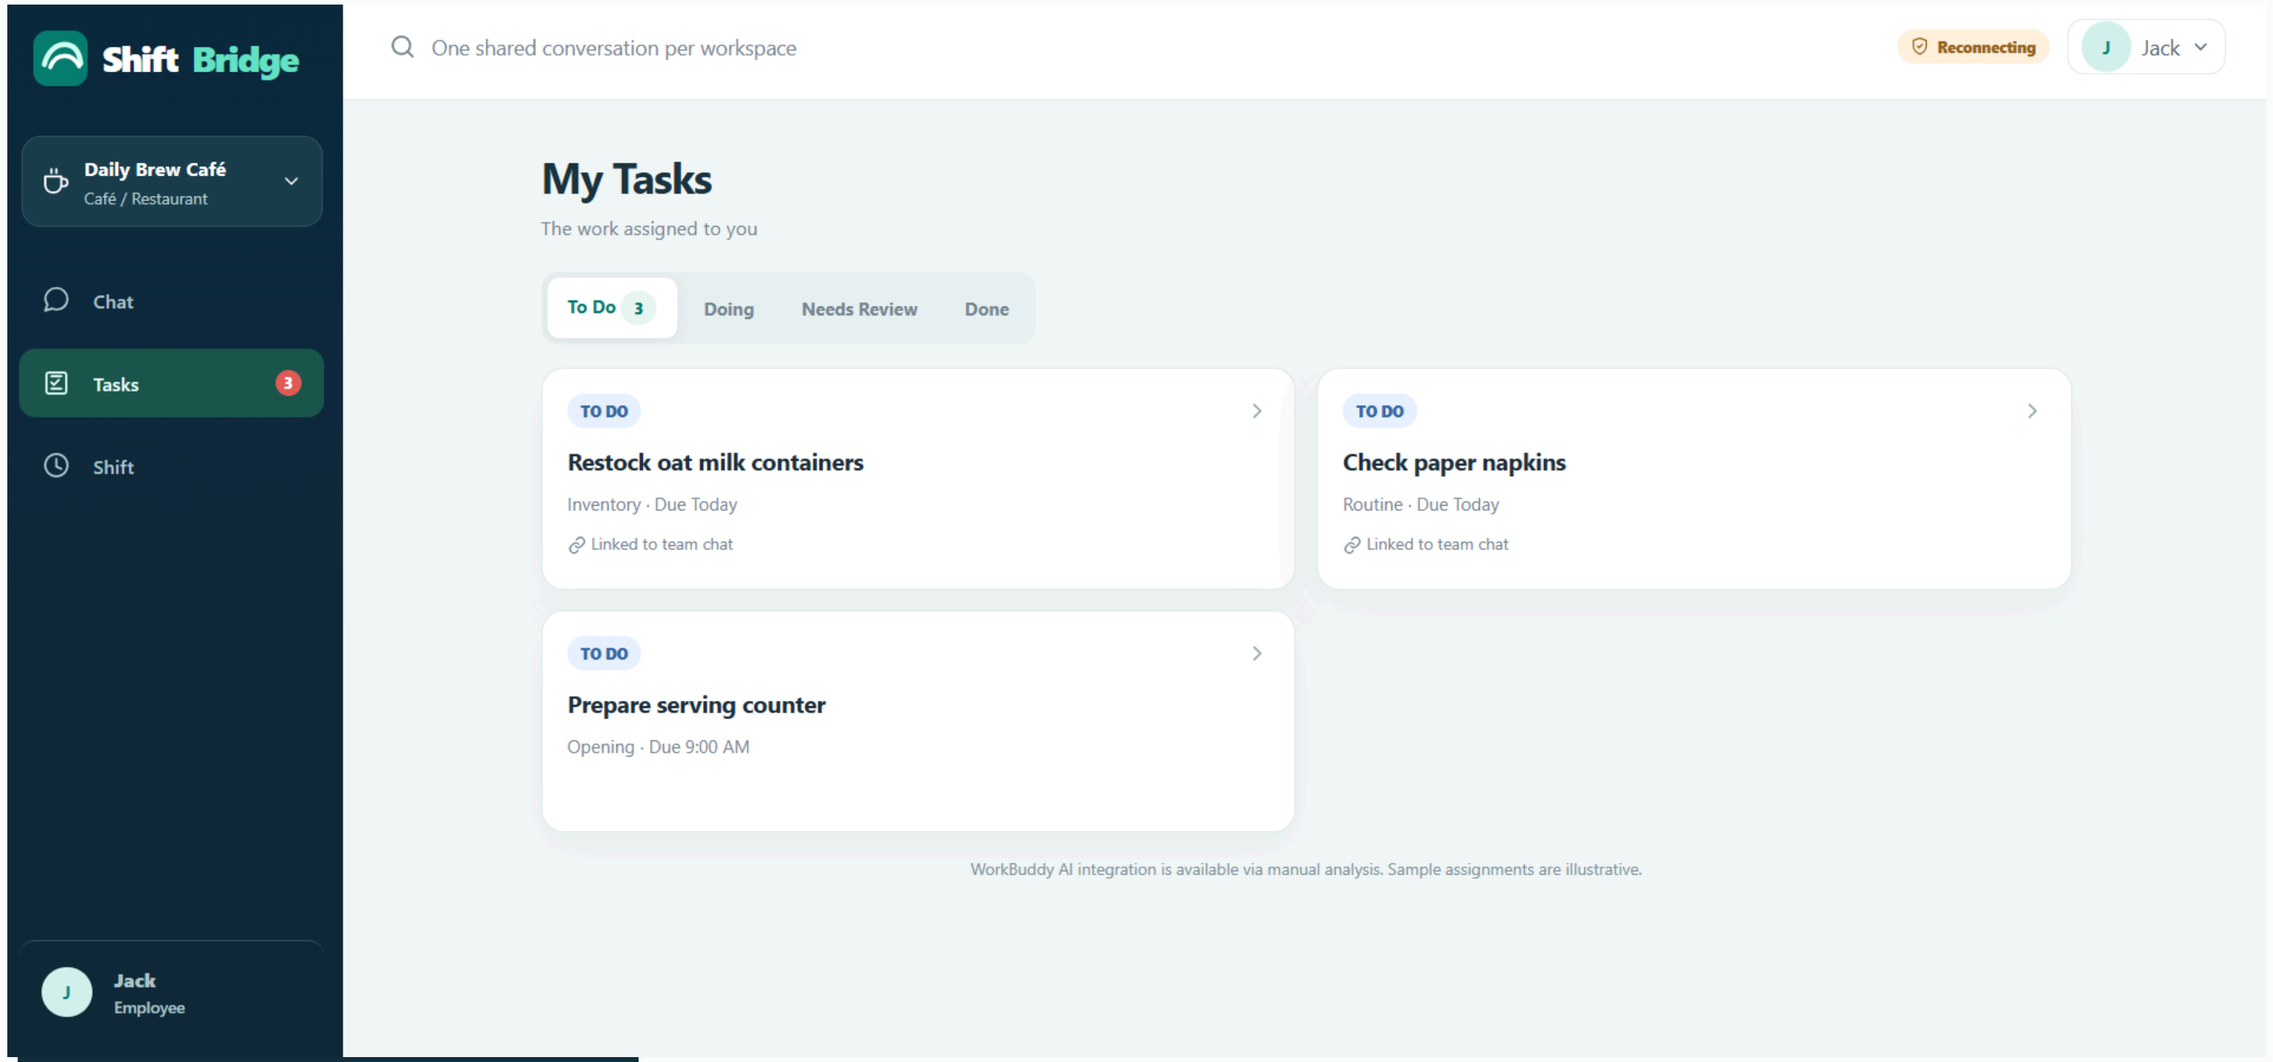

EXISTING INTERACTIVE FRONTEND

One familiar workspace.
